Speck Super 90 Series

Stability at High Fluid Temperatures

Highest Quality Mechanical Seal

High Temp Thermal Plastics

5 Year Warranty

For more than 100 years Speck Pumps (Germany) has been an industry leader in pump technology. Through successful innovations and precision engineering Speck designed the Super 90 series pool and spa pumps for long life in the most demanding environments. Durability and quiet performance is what sets apart the Super 90 series pump from its rivals.

Features

High Quality Carbon Shaft Seal and Thermal Plastic Pump Components are Able to Withstand Abnormally High Temperatures Thus Preventing Severe and Costly Damage Should the Pump be Starved of Water

Innovative Pump Design Ensures High Flow Rates and Quiet Operation

Large Pre-Strainer Complete with Clear Inspection Lid for Easy Viewing

Suitable for Fresh and Salt Water Applications

Quick Connect Barrel Unions for Ease of Installation

Applications

Swimming Pool Filtration

Infinity/Weir Swimming Pool Booster

Spa Pool Filtration

Five Year Warranty

Full Five Year Warranty on Wet End

Two Year Warranty on Motor, Lid, Basket, Lid Lock Ring and All Commercial Installations
